PROFILE

Deputy laboratory manager, currently training as a Product Builder at Uncode School. Experience across the vaping sector since 2017: retail, purchasing, B2B sales and production. Designing personal prototypes around business needs, with development assisted by Claude Code. Seeking junior AI Product Builder / AI Builder roles.

PERSONAL PROJECTS

JARVIS | Personal AI agent project

Exploratory AI agent project with simulated demonstrations. Demos illustrate scenarios using fictional data; external actions are simulated. Development assisted by Claude Code.

LCA-MES | Personal prototype, not deployed | Since March 2026

Production management and traceability tool. Personal prototype, tested by two business users in July 2026, not deployed in production. These trials do not constitute operational use by the employer.

Product design, architecture, feature definition and implementation assisted by Claude Code. Prototyped scope under testing: production, raw materials, batches and volume tracking. Technologies practised with assistance: Node.js, NestJS, React, Vite, PostgreSQL, Prisma; Git, GitHub and Docker.

PROFESSIONAL EXPERIENCE

Deputy Laboratory Manager | LCA Distribution | Since Sept. 2024

E-liquid development and production laboratory. Batching and recipe creation; bottling and batch traceability; organisation and monitoring of daily laboratory activities using Opensi and Excel.

B2B Sales Representative | LCA Distribution | Jan. 2023 - Sept. 2024

Managed a portfolio of B2B clients, including specialist vaping stores and websites.

Purchasing Manager | Le Vapoteur Discount | Oct. - Dec. 2022

Purchasing Manager | GFC Provap | Jan. 2021 - Apr. 2022

At GFC Provap: inventory and replenishment, supplier price negotiations, product listings and management of a team of 3.

Specialist Retail Sales | 2017 - 2020

Ciganica: Sales Assistant (2017-2019); Ci Klop: Store Manager (2019); Le Petit Vapoteur: Sales Adviser (2019-2020). Customer advice, inventory, supplier orders and window displays.

SKILLS

Product and operations: feature definition, production processes, recipes, traceability, inventory and purchasing.
Development assisted by Claude Code: web stack and tools practised on LCA-MES as listed above; VS Code.
Languages: English C1; basic school-level Spanish.

EDUCATION AND TRAINING

Devenir Product Builder programme | Uncode School | Aug. 2026 - June 2027, in progress.
Medical Laboratory Technician training | IRFTLM, IFPS Chambray-lès-Tours | 2016-2017. Attended; qualification not obtained.
French Baccalauréat STL, Laboratory Sciences and Technologies | Lycée Grandmont | 2015, Assez Bien distinction.

VOLUNTEERING AND INTERESTS

Management committee and communications committee member, Joué-lès-Tours table tennis club (2015-2016). Regional-level table tennis; second-degree referee qualification (France).
